If you include viewers in that count, the numbers are pre-pandemic, at least NBC Sports can be accessed if you're paying for regular cable, but without that subscription you can stream the show online or watch it on TV, unless you opt for Peacock. The pilots themselves have found countless ways to cheat, disqualifying themselves in the process. In addition, you will find out where and how you can watch every minute of the race from the comfort of your home. A Marco Bertorello / AFP / Getty Images You may already know that a bunch of cyclists participate in the race. 198 riders spread across 22 different teams compete each year. And the organizers and support staff keep things running smoothly all the way to the finish line. Photo courtesy Robert Deyral/Gamma-Rapho/Getty Images The first Tour de France wasn't held because a bunch of bike fans got together and thought about it. That's because newspaper editor Henri Desgrange, who helped organize the initial tour, was so disgusted with the conduct of not only the fans, but also of the competitors in the 1903 race that he wanted to discontinue the race entirely. To do this, he created a new race called the "Tour de France". The first edition took place in 1903 and had 60 participants. The route started in Paris and ended in the Pyrenees. The winner was Maurice Garin. The race has since become one of the most famous cycling events in the world.
